

Faster is better

Track® Thermoforming foils

 **FORESTADENT®**
GERMAN PRECISION IN ORTHODONTICS

Track® thermoforming foils

Fast processing due to integrated separating foil!

Track® A cuts down on several processing steps: the use of separating liquid or a separating foil and manual preparation is not required because Track® A has an integrated separating foil.

No drying or bond enhancing agent required!

Track® A and Track® B thermoforming foils do neither require drying (no blisters/bubbles) nor bond enhancing medium to bond to acrylic (Forestacryl).

Superior thermobonding characteristics!

Better thermobonding when separately processed parts of an appliance are joint together i.e. snoring appliances, positioners and mouthguards. The improved performance during thermobonding reflects the use of superior materials in the manufacturing process of Track® E.

30% less breakages!

Track® A thermoforming foils have more elasticity than other PETG thermoforming materials.

Ø 125 mm, transparent

Order No.	thickness	contents		description	Application	Bonding to acrylic
408-0105	0,5 mm	100		Track® A Hard (PETG)	invisible retainers, standard retainers, correction splints, applications like Essix A.	yes
408-0108	0,8 mm	100				
408-0110	1,0 mm	100				
408-0115	1,5 mm	50				
408-0220	2,0 mm	30		Track® B Double layer (TPU/PET-G)	comfortable retainers with optional correction (if used with set-up)	yes (on hard side)
408-0305	0,5 mm	100		Track® C Soft (PE)	transfer trays, etching trays, applications like Essix C	no
408-0306	0,6 mm	100				
408-0310	1,0 mm	100				
408-0515	1,5 mm	50		Track® E Soft, rubbery (EVA)	positioners, bracket transfer trays, bracket guards, positioners, can be used to duplicate study models	no
408-0520	2,0 mm	50				
408-0530	3,0 mm	30				
408-0610	1,0 mm	100		Track® bleach (EVA)	bleaching trays, applying tray for flouride and medication	no
408-0700	1,0 mm	100		Track® PC (Polycarbonate)	Essix trays, Miniplast-trays, standard retainers, adapting trays	yes

TRACK-V vacuum Thermoforming unit

Order No.		contents	description
900-2000		1	Track-V Vacuum thermoforming unit
900-2110		1	Track-V Vacuum thermoforming unit, 110 V, Japan
900-2115		1	Track-V Vacuum thermoforming unit, 115 V, USA

TRACK-V Auxillaries

Order No.	description		contents
408-0705	Cover template (4 sizes x 2 pieces)		1
408-0706	Occluform for Track V		1
900-2002	Blocking out plaster , 400 g		1
900-2003	Blocking out wax , transparent, 50 g		1
900-2012	Brush for granules , incl. magnet		1
900-2001	Filling granules (refill package) high-grade steel granules (magnetic) featuring rounded edges		1
900-2018	Finishing set Track for cutting and handling tracks		1
900-2016	Sealing for foil reception		1
900-2017	Sealing for form pot		1

TRACK-V Auxillaries

Order No.		description
501-0877		<p>Thermoforming pliers small for the activation of Track PC foils, tip width 1,3 mm</p>
501-0878		<p>Thermoforming pliers large for the activation of Track PC foils, tip width 2,2 mm</p>
